

Dear Nan and Grandad,

I'm having a lovely time on the Moon. I arrived last Monday and felt a little lost and helpless. The moon is very cold and dark and I was fearful I would never find my way around.

Today, a kind tour guide called Bob came and showed me around. He was very helpful. I could see the Earth from where I was standing and it looked wonderful.

Tomorrow I am hopeful that I will find even more friends. I would like to explore the dark side of the moon, or maybe even visit a planet. Bob says he has friends who could show me around Jupiter or even Mars! How exciting!

I miss you lots and can't wait to see you when I get home.

Lots of love from Buzz.
